SHOFU ONEGLOSS ONE-STEP COMPOSITE FINISHERS AND POLISHERS

The OneGloss system works on all composites just by altering contact pressure

THE ONEGLOSS FEATURES AND BENEFITS	
Features	Benefits
One Stop /One Step	<ul style="list-style-type: none"> • Finishes & Polishes in one step • Reduces patient chair time • Eliminates additional polishing steps
Disposable	<ul style="list-style-type: none"> • Reduces sterilization cycles • Reduces clean-up between patients
Multi-Uses	<ul style="list-style-type: none"> • Finishes & Polishes composite restorations • Removes excess resin cement on tooth surface without marring enamel • Removes orthodontic cement after debanding & bracket removal • Removes stains from teeth • Polishes enamel after scaling

Just compare OneGloss to the competition:

- It's proven to be **more durable**
- It **finishes and polishes better** in just one-step
- It's intended for single use (but is durable enough to last through an **entire** treatment)
- It costs **50% less** than comparable brands
- It allows you to **switch from finishing to polishing** by simply altering contact pressure

SUPER-SNAP SUPERBUFF High gloss polish in a snap, with no messy paste ... no risk of cross contamination

Introduction: The final step in polishing, it provides a smooth surface with minimal secondary scratches for a natural enamel-like luster. A highly polished surface also prevents staining and plaque accumulation for a durable restoration with greater resistance to secondary caries

Super-Buff is a specially designed aluminum oxide impregnated felt disks with easy to use snap-on system for superpolishing all direct resins.

Indication: Developed to achieve a high gloss polishing of all types of direct tooth coloured restorations

Benefits

- Integrated polishing paste in the disk ensures faster polishing of restorations while keeping the work area clean
- Disks can be soaked in water until soft and flexible to activate polishing compound just before use
- Thick disk design enables super polishing of occlusal surfaces efficiently
- Able to super polish multiple surfaces in a single bound without the mess of polishing pastes
